Subject - Regarding invitation as Resource Person...

Respected Sir,

With reference to above cited subject, I am pleased to invite you as Resource Person for **National Webinar on "Integrated Approach in Science and Technology for Sustainable Future"** organized by Department of Chemistry and IQAC on the occasion of National Science Day. The function will be held on **Monday, 28th February, 2022 at 11.00 am** on online platform. We believe that, your presence and guidance as a Resource Person for this webinar would be a great opportunity for us. Your thoughts, expertise and experience enable to gain knowledge to one and all. So, it's our humble request to you to accept our invitation as Resource Person for the same.

We look forward to your presence and guidance.

Yours faithfully,

(Dr. V. S. Dhekale)

**A Report on One Day Online National Webinar on
"Integrated Approach in Science and Technology for Sustainable Future"**

Organized by Dept. of Chemistry,

Conducted on Monday, 28th February 2022

On the occasion of National Science Day, One Day National Webinar on the topic "Integrated Approach in Science and Technology for Sustainable Future" was organized by Department of Chemistry and IQAC of DKASC College, Ichalkaranji. The webinar was conducted on Monday, 28th February 2022 at 11.00 am on online mode on Google platform.

Welcome and Introduction of Webinar was given by Dr. A. A. Ghare, HOD, Department of Chemistry. Dr. D. A. Kumbhar Sir introduced the Chief Guest and Resource person Dr. Santosh B. Kamble, Assistant Professor, YCIS, Satara.

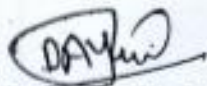

In this invited talk Dr. Santosh B. Kambale emphasized to accept the challenges surrounding us. With the knowledge of science and technology we all should try to overcome the challenges for sustainable future. He explained how technology was effective in handling of Covid-19 pandemic condition, vaccine, drugs, PPE kit, oxygen generation etc. He emphasized on use of our science knowledge for betterment of society, human beings and our environment. Not to use our knowledge for destroying them by using atom bomb, missile, nuclear weapon etc. He told this by giving example of ongoing Russia and Ukraine war. Chemistry should switch to Green synthesis method for production of different chemicals and materials. Green synthesis intended to eliminate toxic byproduct waste, reducing energy consumption and use of less harmful ecological solvents like water, alcohol, ethyl acetate etc and will be helpful for attaining our goal of 'Sustainable Future'.

Principal Dr. V. S. Dhekale, in this presidential address, motivated the students for research in chemical sciences for their bright career and to attain the goal of sustainable future.

Anchoring of National webinar was done by Mr. S. R. More. About 125 students and 08 faculties participated in this webinar. The webinar was ended by vote of thanks by Miss S. S. Pujari.

Nation Webinar on "Integrated Approach in Science & Technology for Sustainable Future"

Dr. Santosh Kamble is presenting

CONCLUSION

The role of science is as like as our heart beat in our daily life. Science brings life to our civilization. Though some greedy people misuse science in their own way but together we can and should spread the greatness of science through out the civilization.
