- About 87 % students have agreed that the teachers encourage them to participate in extracurricular activities run by the college. Similarly, 82% students appreciated that the

teachers inculcate soft skills, life skills and employability skills to make them ready for the world of work.

- The survey shows that 59.5% of respondents are satisfied with the internet facility and Learning Management Systems (LMS), E-learning resources etc.
- The response about quality of teaching learning process from 85% students is very good.

Conclusion: More than 70% students responded (Strongly Agree and Agree) that they were satisfied with the services rendered by the college.

Points to be improved:

- More focus should be given to student exchange programme and internship program.
- Enhanced use of ICT in teaching should be made
- Laboratories should be equipped with more number of instruments.
- To improve demand of life skills and employability skills.
