विषय : अग्रणी महाविद्यालय योजनेअंतर्गत एक दिवसीय कार्यशाळेत सहभागी होणेबाबत...

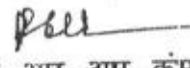

महोदय,

उपरोक्त विषयानुसार आमच्या महाविद्यालयात शिवाजी विद्यापीठ, अग्रणी महाविद्यालय योजने अंतर्गत 'रसायनशास्त्र विभाग' (Department of Chemistry) च्या वतीने मंगळवार, दि. २१ जानेवारी, २०२० रोजी 'Hazardous Impact of pesticides used in Agriculture and Its Solution' या विषयावरती एक दिवसीय कार्यशाळा आयोजित केली आहे. सदर कार्यशाळा सकाळी ठिक १०.०० वाजता सुरू होणार आहे.

तरी आपल्या महाविद्यालयातील एक शिक्षक आणि पाच विद्यार्थी सदर कार्यशाळेस पाठवून देऊन सहकार्य करावे.

कळावे,

आपला विश्वासू,

(डॉ. आर. आर. कुंभार)

Subject: Appreciation Letter...

Respected Sir,

I would like to take this opportunity to thank you on behalf of our college for participating as Resource Person at the One Day Workshop on “**Hazardous Impact of Pesticides used in agriculture and its solution**” organized by Department of Chemistry, D. K. A. S. C. College, Ichalkaranji under Lead College Scheme of Shivaji University, Kolhapur held on **Tuesday, 21st January, 2020.**

We find that the whole area of your expertise is truly fascinating and would ask that you consider a repeat performance at some future date.

Thanks and regards.

Yours faithfully,

Ru

Subject: Appreciation Letter...

Respected Sir,

I would like to take this opportunity to thank you on behalf of our college for participating as Resource Person at the One Day Workshop on “**Hazardous Impact of Pesticides used in agriculture and its solution**” organized by Department of Chemistry, D. K. A. S. C. College, Ichalkaranji, under Lead College Scheme of Shivaji University, Kolhapur held on **Tuesday, 21st January, 2020.**

We find that the whole area of your expertise is truly fascinating and would ask that you consider a repeat performance at some future date.

Thanks and regards,

Yours faithfully,

(Dr. R. R. Kumbhar)

Report of Workshop on "Hazardous impact of pesticides and their solution"

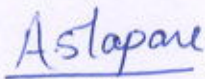

Under Lead College Scheme and on behalf of Chemistry Association, Department of Chemistry of Dattajirao Kadam Arts, Science and Commerce College, Ichalkaranji has organized one day workshop on "**Hazardous impact of pesticides and their solution**" in order to access the impact of pesticides and to provide information about the solutions to overcome the impact of the pesticides on dated 21st Jan 2020.

Dr. Abhaykumar S. Bagade and Mr. V. S. Tare was invited as resource persons for this workshop to provide very important and useful knowledge regarding the hazardous impact of pesticides used in agriculture. First session of workshop was conducted by Dr. Bagade sir. He was started his lecture with definition and basic terms related to the pesticides. He also gave the information about the numerous hazardous effects of pesticides due to which we faced many environmental problems like soil pollution, water pollution, impact on human health, harmful to honeybees life, bad effects on plants and birds, skin allergy, irritation, rashes etc. and also he explained how the reproductive problems were arises due to the excess use of toxic pesticides which are very much dangerous for human beings. He also told the information about its solution to overcome or minimize these hazardous effects created by the pesticides. He also guided us regarding of preparation of pesticides with the help of natural sources by means of mixing of leaves of medicinal plants like Neem, Nilgiri and also cow dung etc., by using it we got the best quality of fertilizers which provides nutrition for the growth of crops. Moreover he discussed that spraying pesticides at accurate timing is also a part of good cropping and should be done after 4:30 pm. It will be effective for crops to spray pesticides at this time and also good for our health the reason behind it is that sunlight is having various radiations like UV radiations and our pesticides are with organic compound so exposure to sunlight leads to degrades pesticides and there are chances to change composition of organic compound. So it is very effective to spray pesticides after 4:30 pm. He communicate with students by using some natural and physical techniques like netting, rotation etc. which gives us a profit and he shares his vies about how to increase our crop yield with a less use of pesticides.

The second session was conducted by Mr. Vikas Tare sir, who is organic farmer told students about organic farming. He was a person who successfully doing the organic farming with a good profit. He is repeatedly said that, "Our body is made up of sensible organs and it is gifted by god so it is precious and it is our responsibility to take care of it. Thus, we have to eat chemical free food then and then only we will live longer". And considering all these aspects organic farming is the best option. At last he also refreshed us by taking meditation. We all felt very fresh after that. In this way our workshop done successfully completed with the fruitful knowledge of hazardous impact of pesticides and their solution. This workshop was very much useful for students who are belonging to farmer's family.
