Annexure-1

A) Topics for Essay Writing.

- 1) “Krantijyoti Savitribai Phule: Pioneer of Women’s Education and India’s first female Teacher”
- 2) “Dr. Anandibai Gopalrao Joshi: India’s first female Doctor and Trailblazer”
- 3) “The Sky’s No limits: the legacy of Kalpana Chawala”
- 4) “The mother of orphans: Sindhutai Sapkal”

B) Rules for Essay writing

- 1) Contestants should register their name with only one topic from above list.
- 2) Essay should be in Marathi, Hindi or English.
- 3) Contestants will be provided 30 min for writing. Performance of the Candidate will be cancelled if he/she crosses this time limit.
- 4) The grading of matter will be based on the order of priority a) Introduction
b) Knowledge c) Presentation d) Conclusion.
- 5) The decision of judging panel will be final & binding by all contestants.

"Krantijyoti Savitribai Phule : Pioneer of Women's Education and India's first female Teacher"

Savitri Bai was a prodigious social reformer who was instrumental in the field of women education in India. At the time of her marriage in 1840 AD, she was a pure illiterate. But in 1847 AD she had opened a school for women education in India. She was honored as first women teacher of India. She had set a bizarre example for the mankind that how an illiterate person outlives in the field of education, if she determines. Along with education, she has also aired the voice for women rights and empowered. In this paper, we are highlighting her unforgettable and treasured contribution in women education, widow remarriage and various other social reforms. This paper is an attempt to bring her tireless efforts in limelight to improve the condition of women in colonial India during 19th Century.

Savitri Bai was born in Naigaon village in Satara district to her mother Laxmi Bai and father Khandoji Navse Patil, who was the village chief. Savitri Bai Phule was a social reformer of India who was born in a wealthy farmer's family. She was born on 3rd of January, 1831 at a small village Naigaon of Satara district, Maharashtra. She was of 9 years of age when she got married to Jyoti Rao Phule (age thirteen) in the year 1840. Jyoti Rao lost his mother at a very young age. His maternal cousin sister Saguna

(lovingly called Sagun Aau by Jyoti Rao, Aau depicts mother nurtured him. Saguna Aau worked as a nanny for a British officer's son. She therefore understood and was able to converse in English. She used this knowledge to inspire Jyoti Rao. Jyoti Rao was thus attracted towards education. She had been given a book by a christian missionary before her marriage which she brought with her to her in-laws house. This shows the attraction she had for words and books despite being uneducated. She set up a school for Saguna Aau on 1st May 1847 in a backward community. Savitribai Phule subsequently underwent training to be an educator at institutes run by christian missionaries in Ahmednagar (now Ahilyanagar) and Poona. She became a qualified teacher in 1847.

In 1848 Jyotirao and Savitribai Phule opened a pioneering school for lower-caste girls in Bhidewada, Poona, with six girls as their first students. She started a school for adults in 1849 and accepted students from all castes. Her work was met with widespread hostility from various strata of society, especially orthodox Brahmins who did not want any disruptions in the caste status quo. She was often verbally abused and had stones, mud, and dung thrown at her on the way to her school. She started carrying a spare sari with her to change into at the school. In 1849 her father-in-law asked her and her husband to leave the family home, on the grounds that their empowering of lower castes was a sin in the eyes of the Brahmins. To minimize the dropout rates at the schools, she offered stipends

to students. By 1851 the phules were running three schools attended by more than 150 girls students. They opened a total of 18 schools for girls in the Poona region. Savitri bai phule was declared the best teacher in the Bombay Presidency by the British run government in 1852.

Go, Get Education

Be Self-reliant, be industrious
Work, gather wisdom and riches,
All gets lost without knowledge
We become animal without wisdom,

Sit idle no more, go, get education
End misery of the oppressed and
forsaken,

You've got a golden chance to learn
So learn and break the chain of
caste.

Throw away the Brahman's scriptures
fast.

phule played a key role in the reform society called Satyashodhak Samaj ("Society of Truth Seekers"), founded by her husband in 1873. It aimed to promote social equality, unite and uplift lower castes, and reverse the socioeconomic inequality caused by the caste system. Phule started the practice of Satyashodhak marriage, organized without a priest or dowry, in which couples took an oath in favor of education and equality.

“If you educate a man, you educate an individual; if you educate a woman, you educate an entire family.”

Let us not forget our roots in the era of commercialization of education and dilution of our culture. The phule's model of education focused on equity, inclusivity, and societal growth. It serves as a timeless reminder to prioritize these values in our educational endeavors and ensure no one is left behind.

Awake, arise and educate
Smash traditions - liberate!
We'll come together and learn
Policy - righteousness - religion.
Slumber not but blow the trumpet
O Brahman, dare not you upset.
Give a war cry, rise fast
Rise, to learn and act.

- Savitribai Phule.

A Report on Savitribai Phule Jayanti

On the occasion of 194 Birth Anniversary of Savitribai Phule Department of Chemistry, DKASC College, Ichalkaranji organized Essay Writing competition. The topic of the contest was: Krantijyoti Savitribai Phule: Pioneer of Women's Education and India's first female Teacher, Dr. Anandibai Gopalrao Joshi: India's first female Doctor and Trailblazer, The Sky's No limits: the legacy of Kalpana Chawala, The mother of orphans: Sindhutai Sapkal. The competition was conducted on Saturday, 03rd January. 2026 at 12.30 pm. Welcome and introduction was given by Dr. A. A. Patravle. Inauguration of this activity was conducted by the hands of Dr. D. A. Kumbhar, HOD, Department of Chemistry DKASC College, Ichalkaranji.

Mr. R. P. Bharsat and Dr. S. V. Mulik Assistant Professor, Department of Chemistry DKASC College, Ichalkaranji examined the essay writing. In this contest all student remembered and honour a remarkable women who fought for girl's education and sparked a revolution in India. Total 28 students actively participated in this contest.

Subject: Regarding permission to organise '**Mock Teaching Activity**' on the occasion of '**Teachers Day**'

Respected Sir,

With reference to above subject on the occasion of '**Teachers Day**', Department of Chemistry going to organise **Mock Teaching Activity**, on **Monday, 08th September 2025**. In this activity students from B.Sc. III class will deliver lectures to B.Sc. I and B. Sc. II students. So please give us permission to organise this activity for students.

Thanking You,

Yours Faithfully,
