SUBJECT: Implementation of Action Items Based on Feedback Collection.

The college recently administered a comprehensive online feedback process for the academic year 2021-22, utilizing Google Forms to gather insights from various stakeholders. The primary objective was to assess the effectiveness of administration, library services, sports facilities, etc. Feedback was collected from students, alumni, teachers, and employers. Following a thorough analysis of the received feedback, we kindly request your attention to the following action points:

- 1) It is imperative to enhance the co-operation and helpfulness of the office staff towards students.
- 2) Ensure the availability of separate notice boards for general announcements, exam-related information, NCC, NSS, and sports.
- 3) Take measures to improve the Wi-Fi facility across the campus.
- 4) Address the need for additional clean and safe drinking water facilities.
- 5) Establish a dedicated recreation room for male students.

Your prompt action on these points will contribute significantly to the overall enhancement of the college environment. Thank you for your attention and cooperation in this matter.

SUBJECT: Implementation of Actions Based on Feedback Collection

The College has recently conducted a comprehensive online feedback collection for the academic year 2021-22, utilizing Google Forms to gather input from various stakeholders, including students, alumni, employers, and teachers. The primary objective was to assess the effectiveness of library facilities. Following a thorough analysis of the feedback, your attention is requested for necessary actions aimed at enhancing the library facilities.

Specifically, consider the following points:

- 1) Expand internet facilities by increasing the number of computers in the library.
- 2) Improve the reading room by providing a furnished and spacious environment.
- 3) Subscribe to international journals in Botany and Chemistry, and increase the number of copies of reference books.
- 4) Provide access to N-List for the maximum number of students.

Your prompt consideration and implementation of these actions will contribute to the enrichment of the library facilities.

SUBJECT: Implementation of Stakeholder Feedback in Response to Online Structured Feedback for Academic Year 2021-22

The College recently administered online structured feedback for the academic year 2021-22 through Google Forms, gathering input from various stakeholders. The primary goal was to assess the effectiveness of the Teaching-Learning Process, curriculum, and identify areas for improvement. Following a thorough analysis of the feedback, you are hereby notified of the necessary actions to be taken.

Please submit a report detailing the actions taken in response to the specific points raised by stakeholders:

- 1) Encourage teachers to incorporate professional knowledge into the curriculum.
- 2) Organize fieldwork and industry visits for relevant courses.
- 3) Consider integrating project work into the curriculum to foster a research-oriented culture among students.
- 4) Advise all teachers to enhance their proficiency in ICT technology and increase the frequency of conducting classes using ICT.
- 5) Strengthen teaching methods for slow learners.
- 6) Provide diverse platforms for advanced learners.
- 7) Increase the number or frequency of value-added and career-oriented courses.
- 8) Instruct teachers to augment the number of curricular and co-curricular activities.

Your prompt attention to these action items is appreciated.

Botanical Excursion Report

As per Shivaji University, Kolhapur syllabus M.Sc.-I and II Botany students along with Assistant Professors have arranged botanical excursion on 17th April 2023 at Ichalkaranji- Pachgani- Mahabaleshwar – Ichalkaranji. Excursions increase the knowledge about nature, environment and enrich botanical views.

- **Date:** 17th April 2023
- **Total number of students participated in tour :** 14
- **Tour In charge:** Dr. S. T. Ingle, Dr. L. M. Khade, Dr. M.Y.Shinde
- **Tour Route:** Ichalkaranji- Pachgani- Mahabaleshwar – Ichalkaranji.
- **Vegetation:** Mixed deciduous forest.

Tour outcome (Long Tour)

Students were able to identify most of the plants from the forest ecosystem. We have seen various types of orchids, teak trees, bamboo trees, climber, shrub, herb, Ficus, Grass and Fern etc. Along with angiosperm this area well known for gymnospermic plants.

At Regional Wheat Research Station, Mahabaleshwar students were able to know about research on Wheat rust going on that institute. Also Institute develop new varieties of Strawberry. Students were benefited from this tour.

GUIDELINES TO GET FINAL APPROVAL FOR INDUSTRIAL VISIT/CULTURAL VISIT/ SPORTS MEETS/ FIELD TRIP/STUDY TOUR/OUT BOUND TRAINING/

- The Programme Chairs may plan only academic related tours as and when required with small groups attaching adequate or proportionate male and female faculty members (Students' tours of entertainment/fun to be discouraged)
- The Division Chair/Programme Chair approving the Industrial Visit/Field Trip/Outbound Training etc., shall ensure and endorse that the faculty members attached to the tour submit an undertaking stating that the tour is arranged only for Industrial Visit/ Study Tour/ Field Trip/ Outbound Training connected to academics, and students will not be taken or allowed to **mountain areas, rivers, canals, beaches, water parks, reservoirs, forest areas etc.,** and, they are personally liable and answerable for any such untoward incident taking place during the tour.
- Places with potential hazards, such as political unrest, negligent security, disease outbreaks, threats of earthquake or frequent occurrence of Cyclone and flood, should be avoided.
- If the mode of transport is by bus, overnight travel is strictly not permitted. Any travel requiring more than 24 hours should not be by road (Preferable mode of Transport is Train).
- Faculty/staff arranged students' un-official tours shall be treated as violation of University Rules and the individuals organizing or arranging to organize such tours shall be subjected to appropriate disciplinary action.
- The capability of the participants to take part meaningfully in the activity must be taken into consideration when deciding the destination, itinerary and duration of the tour.
- The detailed tour schedule shall be submitted well in advance mentioning the date, time and place of departure and arrival, mode of travel (Bus/Train/Air/Ship/Other Modes), outstation accommodation arrangement details, list of important telephone numbers and addresses of the locations where the team is visiting including the phone-fax numbers of the hotel and local transport details.
- **If Travel by outside bus, FC copy of the bus should be produced with request form.**
- **Each study tour should maintain student faculty ratio of 20: 1.**
- **Lady faculty member should accompany girl students (It is applicable even if only one girl student is going for a trip)**
- The Accompanying faculties should submit the undertaking letter
- All students should get approval from their Proctor/Faculty Advisor and parents.
- The faculty members accompanying the group may be mix of multiple languages talented in order to manage tour affairs confidently and successfully.
- Faculty should authorize the complete schedule
- Club coordinator should accompany in case of representing any club
- List of students – with details (Male / female) to be submitted.
- At least one faculty member (either male or female) of the group needs to be fully acquainted with the touring stations so that they can guide and instruct students in an appropriate way accordingly to see

that the students are not getting into any unforeseen incident or accident. Information relevant to the itinerary, such as the addresses and telephone numbers of the lodging places, location of the local police stations, hospitals, clinics or first-aid units as well as the emergency call numbers en route, should be collected. Such information should be given to the parents and the responsible person in the school before the trip for emergency needs.

- It is preferable to arrange two students (of same gender) or more to live in a room when allocating accommodation. This will facilitate provision of support to fellow members. Once the arrangement for accommodation is finalized, no student should be allowed to make any change without a proper reason so as to avoid causing confusion.
- No student shall be compelled to participate or to contribute money for any kind of tour just for the sake of fund management during the tour. In case of any such compulsion, the student(s) can report to the Safety Committee.
- The parents/guardians of the students (those who are participate in the tour) may be asked to submit an undertaking (by mail or fax or SMS) stating that the parent is permitting their ward to participate in the tour with their knowledge and at their own risk. Students if they are hostellers, they should get special leave approval from their respective Hostel authorities.
- Exit and Entry should be at VIT (Faculty and Students joining the group from their hometowns and leaving to their hometowns after the tour is not permitted under any circumstances)
- Before leaving for Industrial Visit/ Sports Meet/ Study Tour / Field Trip / Outbound Training etc., concerned faculty organizer shall arrange to procure adequate and proper FIRST AID KIT in consultation with our University Health Centre if necessary. The faculty members shall accompany the students throughout the tour/trip and shall stay along with the students.
- The faculty organizer should carry a small handy Fire Extinguishers (which is readily available in the fire safety office – back to TT Building) in order to apply them in case of fire accidents due to electric short circuit or otherwise either during travel or while staying in hotel etc., (An "ABC" dry chemical extinguisher can be used on any kind of fire). The unused fire extinguishers shall be returned by the faculty members to the Fire Safety Office. For the purpose, the Deans/Directors may take initiation to provide hands on training to all the faculty members with the help of our University Fireman Mr. AYUB KHAN.
- No faculty member attached to the tour shall alternate or replace other faculty/staff member on his/her behalf without prior proper approval of the Dean/Director.
- It is advisable that at least one of the faculty or participants should know first aid and use of Fire extinguishers.
- Students should be reminded of the need to follow the Faculty instructions and observe all the safety regulations throughout the trip.
- After checking in a local hotel, the students should first find out where the "fire escape" is. They should also acquaint themselves with the exit direction, the escape route and the place of assembly in case of emergency.
- Faculty accompanying should pay attention to the weather forecasts and news broadcasts of the place of visit. If there is any change in weather or other conditions, a contingency plan should be worked out as soon as possible.

- The faculty should have full knowledge of the health condition of each participant in order to determine whether specific participant(s) should not be allowed to take part in the activities of the day. He/she should take timely and appropriate action having regard to the circumstances of individual cases.
- The faculty should also arrange for any sick member to see the doctor immediately and to take effective preventive measures according to the doctor's advice. If necessary, the faculty should inform the parents and the school regarding the students' health conditions as soon as possible.
- The faculty should bring along with him/her the necessary safety equipment for the tour, for example, a first aid box, communications equipment (mobile phones), torches, etc.
- The faculty should monitor the speed of the vehicle (bus) in which they are traveling to ensure it is within safety limits. He/she should remind the driver or the reception personnel of the importance of road safety when necessary.
- After returning from the tour, the concerned faculty team shall submit a **BRIEF ARRIVAL REPORT** to the Students' Safety Committee.
- Students attending the IV should submit an observation report for which internal marks may be awarded.

Note :

- **Faculty member participating in the tour would get 2 PI points per visit** (participating in School Administration)
- IV can be made in every semester as compulsory in part of the curriculum to motivate students and faculties

Annexure 1**Mode of Travel**

Sr.No	Details	Mode of Travel	Travel Details * with Phone number of Agent and Driver Phone Number	Responsible Person Handling
1.	MH-	Vrushali Travel(50 seater)	Agent no- 9370618507 Driver no-	

* If Travel by outside D.K.A.S.C. College, Ichalkaranji FC copy of the bus should be attached

Annexure 2**Copy of the Approval Letter from Industry**

- Should contain clear date, time and number of days of Visit
- Letter should be by the authenticated person from the Industry minimum at Manager Level with seal.

- The faculty should have full knowledge of the health condition of each participant in order to determine whether specific participant(s) should not be allowed to take part in the activities of the day. He/she should take timely and appropriate action having regard to the circumstances of individual cases.
- The faculty should also arrange for any sick member to see the doctor immediately and to take effective preventive measures according to the doctor's advice. If necessary, the faculty should inform the parents and the school regarding the students' health conditions as soon as possible.
- The faculty should bring along with him/her the necessary safety equipment for the tour, for example, a first aid box, communications equipment (mobile phones), torches, etc.

B. Sc. III – Chemistry Study Tour (Date 11-04-2023-12-04-2023)
Study Tour Report 2022 -2023

In the academic year (2022-2023) Department of Chemistry had arranged study tour for B. Sc III at Goa. Our tour was started on 10th April, 2023 at 11:00 pm from the college premises. We were 46 students along with eleven Faculty of Dept. chemistry. At the morning we visited baga beach. Then we visited devotional place basilica of bom jesus at 01:00 pm. Then we move towards the Dona paula point. Tomorrow we visit aguada jail which are famous historical places, the historical information is given by the guide near the aguada. The afternoon lunch .afternoon, we visited the science museum. We saw the various scientific and magical experiments. That was very informative for students. We return back to Ichalkaranji via same rout. We reached back to college at 04:00 am on 13th April 2023.

The tour was phenomenal for students. During this trip students enjoyed a lot.

(2022-23)

Report

Dated: 20/04/2023

i. Title: Educational Study Tour at Goa, Sindhudurg, Malvan, Tarkarli, Reddy, Shiroda.

ii. Introduction:

Four Day Educational Study Tour was organized by the Department of History on 07/04/2023 to 10/04/2023. The Study Tour was organized at historical places Goa, Sindhudurg, Malvan, Tarkarli, Reddy, Shiroda.

iii. Objectives of the Program:

1. To enable students to explore, extend and enrich their learning.
2. To develop their social skills in a non-school setting.
3. To aware the students to preserve the great historical heritage.
4. To introduce the students to the historical places in Maharashtra

iv. Details of Participants:

15 students (07 Girls & 08 Boys) and 03 Faculty members (03 Male) participated the educational study tour..

v. Brief Summary of the Program:

The Department of History organized an educational study tour at Goa, Sindhudurg, Malvan, Tarkarli, Reddy, Shiroda. All places are in Sindhudurg district and Goa state. It was organized 07/04/2023 to 10/04/2023.

Sindhudurg Fort :-

Sindhudurg Fort is a historical fort that occupies an islet in the Arabian Sea, just off the coast of Maharashtra in Western India. The fortress lies on the shore of Malvan town of Sindhudurg District in the Konkan region of Maharashtra, 450 kilometres south of Mumbai. It is a protected monument. It is located in middle of sea in Malvan. Sindhudurg is built on Kurte Island, very near to the coast of Malvan. Malvan being an important port, building a fort near this was an important strategic requirement. Kurte was a perfect island with sufficient rock surface, accessibility and sufficient potable water sources to build a fort, making it the best one amongst the 84 ports along the coast line from Mumbai to Goa. Sindhudurg increased the strength of Marathas and helped them keep a check on the English and Portuguese as well as the pirates. The Bakhar written by Chitragupta aptly mentions this fort as the most invaluable asset to Shivaji Maharaj. After selecting the island for building a fort, the auspicious day for building the foundation was chosen as 25th November 1664. There is a sacred rock near Malvan called "Moryacha Dhonda", which represents has carvings of Lord Ganesh, the Sun and the Moon and Shiv Linga. This sacred rock was worshipped before starting construction of Sindhudurg fort. There are detailed letters which describe many aspects about the vision of building forts of Shivaji Maharaj and the details associated with it. One such letter details out the resources required for Sindhudurg. There were about 500 masons, 200 blacksmiths, 100 Portuguese and 3000 workers who worked for 3 years continuous to complete the fort. The characteristic of Sindhudurg is that the foundation stones are laid down in slots and molten lead was poured to fix them strongly. The lime stone was ordered from central part of the Deccan plateau. Shivaji Maharaj had written specific details on resource management in his letters, and was personally present on 29th March 1667 when the fort was completed. After the death of Rajaram Maharaj in 1700, Tarabai ruled the Maratha Empire from Satara. As per the treaty of Warna between Shahu and Tarabai, Malvan came under her control. By that time piracy had increased near Malvan coast. Major Gordon and Captain Watson captured the fort on 28 January 1765 and renamed it as Fort Augustus. In an Anglo-Maratha truce the fort was returned to Marathas on 2nd January 1766. In 1792 the British again regained the fort by helping Karveerkars against Desai of Nipani

Tarkarli

Tarkarli is a village in Malvan taluka in Sindhudurg district in the Indian state of Maharashtra.^[1] It is a beach destination and remote place in southern Maharashtra. Few years ago, Tarkarli beach is declared as a Queen Beach of Konkan region. Monthly, Thousands of tourists are visiting this place to rejuvenate and enjoy thrill of water sports activities. All Watersports activities in Tarkarli are going on as per international safety of standards and under guidance of professional instructor(Dive Master) with modern safety equipment. Many scuba

diving operators running this activities near Tsunami island, Devbag because of shallow water and low life risk.

Redi Ganpati

Redi Ganpati Temple is located at a distance of around 20 km from Vengurla and is renowned for Manganese mines found near the temple in abundance. It is believed that the statue of Lord Ganesha enshrined in the temple was found from a mine in 1976. Possessing the height of around 15 ft, the idol of Lord Ganesha has been identified in sitting position. The site is frequently visited by devotees as well as tourists during the celebrations of Ganesh Chaturthi.

Shiroda

The name "Shiroda" is derived from "Shivanath", which translates to "Drawn from god".

Shiroda is very popular for its Kamakshi Temple. People visit this temple on Amavasya or New moon day of every month. Every year on the day of Shivaratri, a grand temple festival or zatra is held which is attended by thousands of devotees from Goa as well as Karnataka and Maharashtra.

Prof. Arun Katkole Head of Department History and Prof. Vishal Godbole, Prof. Dr. Anil Jambhale organized this study tour for the students of the Department History . under the guidance of Prin. Dr. Anil Patil this tour was successfully carried out by the Department

Subject :- Permission Regarding Visit to Bio-Statistics Department in your University Campus.

Respected Sir,

For our academic purposes the students of our college, wish to visit your University. We are looking ahead to your permission to allow us to spend some precious moments with you. It will be a great pleasure to visit your University and get the chance to learn from your University. We will be taking our 2-3 faculties along with around 40-50 students.

Our main motive behind this visit is to get actual knowledge of Application of Statistics in Medical Field. It is our firm belief that your Bio-Statistics Department can certainly provide us with such information, which will help us to understand the functional system and the work procedure of a big organization like yours. We are looking towards your University as an opportunity, which will help us to get practical knowledge. We assure you that the crucial information, which you will provide, will be used for academic purposes and further project work only.

Kindly look ahead to your positive response.

Subject: Seeking Permission to visit your esteemed institute.

Respected Sir,

With reference to above subject, our Department of Chemistry is interested to visit your esteem institute well known for textile education. We would like to share that we have planned this visit for our B.Sc.-III and M.Sc.-I and II Chemistry students in order to give them an insight about the way, things and work in the dyeing process of textile. The visit is aimed at enhancing their knowledge. There would be about 110 students accompanied by a faculty member from our college. So please inform us the date of visit, so we can arrange this programme

I hope you will allow us to visit your institute and meet your skilled staff. I anticipate a positive response from your end.

Thanks and Regards,

INSTITUTIONAL VISIT – DKTE College

Department of Chemistry have organized Institutional visit for the B.Sc. III students to Dattajirao Kadam Technical Education Society on dated 18th March. 2023 at 11:00 am. Textile Technology Department is one of the important departments in this institute. In morning session, Prof. Dr. U. J. Patil, (HOD Textile Dept.) was interacted with us and gives information about various types of the textile field and also the application of this in industrial level. They also guided to students for carriers in textile industries.

Then we started to visit different labs of the institute. During this visit we studied various processes in textile industry like dyeing, spinning and weaving etc. We visited dyeing section under the guidance of Mr. S. R. Kamat, Miss. P. D. Jinde. They were guided our students and also gave detail information of different types of the labs like Dye house laboratory. We observed their many instruments like Dye bath, UV-Visible Spectrophotometer, Crockmeter, Light Fastness tester, Gray Scale. Under the guidance of Mr. S. Y. Patil we visited Spinning Department. Then we visited to Weaving Department. Here Mrs. S. V. Chavan was gives us all necessary information of the same. After this visit they provide us delicious breakfast.

This was the memorable day for our students as they got very much valuable information during this visit which helps to helpful for future.

UNDERTAKING LETTER - STUDENTS

We the students of degree course- **B.Sc. II & B.ScIII Electronics** students at Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji, do here-by undertake that we are going to study tour to

Ichalkaranji, abmnoli, Mahabaleshwar, Ichalkaranji organized on date ¹⁴ to ¹⁵ **March 2023** departure date 01.00 A.M from Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji and arrival on date ¹⁵ **03.2023** Time 11.30 P.M at Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji. Faculty and staff of Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji will not be held responsible for any mishap/eventualities during the trip.

* The Undertaking should repeat in all pages

GUIDELINES TO GET FINAL APPROVAL FOR INDUSTRIAL VISIT/CULTURAL VISIT/ SPORTS MEETS/ FIELD TRIP/STUDY TOUR/OUT BOUND TRAINING/

- The Programme Chairs may plan only academic related tours as and when required with small groups attaching adequate or proportionate male and female faculty members (Students' tours of entertainment/fun to be discouraged)
- The Division Chair/Programme Chair approving the Industrial Visit/Field Trip/Outbound Training etc., shall ensure and endorse that the faculty members attached to the tour submit an undertaking stating that the tour is arranged only for Industrial Visit/ Study Tour/ Field Trip/ Outbound Training connected to academics, and students will not be taken or allowed to **mountain areas, rivers, canals, beaches,**

water parks, reservoirs, forest areas etc., and, they are personally liable and answerable for any such untoward incident taking place during the tour.

- Places with potential hazards, such as political unrest, negligent security, disease outbreaks, threats of earthquake or frequent occurrence of cyclone and flood, should be avoided.
- If the mode of transport is by bus, overnight travel is strictly not permitted. Any travel requiring more than 24 hours should not be by road (Preferable mode of Transport is Train).
- Faculty/staff arranged students' un-official tours shall be treated as violation of University Rules and the individuals organizing or arranging to organize such tours shall be subjected to appropriate disciplinary action.
- The capability of the participants to take part meaningfully in the activity must be taken into consideration when deciding the destination, itinerary and duration of the tour.
- The detailed tour schedule shall be submitted well in advance mentioning the date, time and place of departure and arrival, mode of travel (Bus/Train/Air/Ship/Other Modes), outstation accommodation arrangement details, list of important telephone numbers and addresses of the locations where the team is visiting including the phone-fax numbers of the hotel and local transport details.
- **If Travel by outside bus, FC copy of the bus should be produced with request form.**
- **Each study tour should maintain student faculty ratio of 20 : 1.**
- **Lady faculty member should accompany girl students (It is applicable even if only one girl student is going for a trip)**
- The Accompanying faculties should submit the undertaking letter
- All students should get approval from their Proctor/Faculty Advisor and parents.
- The faculty members accompanying the group may be mix of multiple languages talented in order to manage tour affairs confidently and successfully.
- Faculty should authorize the complete schedule
- Club coordinator should accompany in case of representing any club
- List of students – with details (Male / female) to be submitted.
- At least one faculty member (either male or female) of the group needs to be fully acquainted with the touring stations so that they can guide and instruct students in an appropriate way accordingly to see that the students are not getting into any unforeseen incident or accident. Information relevant to the itinerary, such as the addresses and telephone numbers of the lodging places, location of the local police stations, hospitals, clinics or first-aid units as well as the emergency call numbers en route, should be collected. Such information should be given to the parents and the responsible person in the school before the trip for emergency needs.
- It is preferable to arrange two students (of same gender) or more to live in a room when allocating accommodation. This will facilitate provision of support to fellow members. Once the arrangement for accommodation is finalized, no student should be allowed to make any change without a proper reason so as to avoid causing confusion.

- No student shall be compelled to participate or to contribute money for any kind of tour just for the sake of fund management during the tour. In case of any such compulsion, the student(s) can report to the Safety Committee.
- The parents/guardians of the students (those who are participate in the tour) may be asked to submit an undertaking (by mail or fax or SMS) stating that the parent is permitting their ward to participate in the tour with their knowledge and at their own risk. Students if they are hostellers, they should get special leave approval from their respective Hostel authorities.
- Exit and Entry should be at VIT (Faculty and Students joining the group from their hometowns and leaving to their hometowns after the tour is not permitted under any circumstances)
- Before leaving for Industrial Visit/ Sports Meet/ Study Tour / Field Trip / Outbound Training etc., concerned faculty organizer shall arrange to procure adequate and proper FIRST AID KIT in consultation with our University Health Centre if necessary. The faculty members shall accompany the students throughout the tour/trip and shall stay along with the students.
- The faculty organizer should carry a small handy Fire Extinguishers (which is readily available in the fire safety office – back to TT Building) in order to apply them in case of fire accidents due to electric short circuit or otherwise either during travel or while staying in hotel etc., (An "ABC" dry chemical extinguisher can be used on any kind of fire). The unused fire extinguishers shall be returned by the faculty members to the Fire Safety Office.
- No faculty member attached to the tour shall alternate or replace other faculty/staff member on his/her behalf without prior proper approval of the principal.
- It is advisable that at least one of the faculty or participants should know first aid and use of Fire extinguishers.
- Students should be reminded of the need to follow the Faculty instructions and observe all the safety regulations throughout the trip.
- After checking in a local hotel, the students should first find out where the "fire escape" is. They should also acquaint themselves with the exit direction, the escape route and the place of assembly in case of emergency.
- Faculty accompanying should pay attention to the weather forecasts and news broadcasts of the place of visit. If there is any change in weather or other conditions, a contingency plan should be worked out as soon as possible.
- The faculty should have full knowledge of the health condition of each participant in order to determine whether specific participant(s) should not be allowed to take part in the activities of the day. He/she should take timely and appropriate action having regard to the circumstances of individual cases.
- The faculty should also arrange for any sick member to see the doctor immediately and to take effective preventive measures according to the doctor's advice. If necessary, the faculty should inform the parents and the school regarding the students' health conditions as soon as possible.
- The faculty should bring along with him/her the necessary safety equipment for the tour, for example, a first aid box, communications equipment (mobile phones), torches, etc.

- The faculty should monitor the speed of the vehicle (bus) in which they are traveling to ensure it is within safety limits. He/she should remind the driver or the reception personnel of the importance of road safety when necessary.
- After returning from the tour, the concerned faculty team shall submit a **BRIEF ARRIVAL REPORT** to the principal.
- Students attending the tour should submit an observation report/ study tour report .

STUDY TOUR REPORT: 2022-2023

B.Sc.II and B.Sc. III Electronics

In this academic year 2022-2023 Electronics Department of D.K.A.S.C College, Ichalkaranji had arranged a study tour for B.Sc.II and B.Sc.III Students to Kallamawadi Hydro Power Station, Radhanagari, Malavan, Sindhudurg, Tarkarli on 14-15th March 2023.

The Objective of this tour was to increase the general knowledge of students.

During the tour we observed following things. At the 1st day we visited to Kallamawadi Hydro Power station. Hydro Power is generated by using electricity generators to extract energy from moving water. Historically people used the power of rivers for agriculture and wheat grinding. Today, rivers and streams are re-directed through hydro generators to produce energy, although there are pros and cons as far as local ecosystems are concerned.

Then we visited to sidhudurg fort and malavan beach. We enjoyed on Tarkarli beach.

On the next day we were visited to Devbag beach. We enjoyed the different rides in the sea.

UNDERTAKING LETTER - STUDENTS

We the students of Bsc.III Botany of Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji, do here-by undertake that we are going on to study tour to

Kolhapur- Panhala,- Malkapur. on Date- 23/01/2020 Time 6.30 Am From Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji and arrival on date 25/01/2020 Time 8.30 Pm at Dattajirao Kadam Arts, Science & Commerce College, Ichalkaranji. Faculty and staff of Dattajirao Kadam Arts, Science & Commerce College, and Ichalkaranji will not be held responsible for any mishap/eventualities during the trip.

* The Undertaking should repeat in all pages

**GUIDELINES TO GET FINAL APPROVAL FOR INDUSTRIAL
VISIT/CULTURAL VISIT/ SPORTS MEETS/ FIELD TRIP/STUDY
TOUR/OUT BOUND TRAINING/**

- The Programme Chairs may plan only academic related tours as and when required with small groups attaching adequate or proportionate male and female faculty members (Students' tours of entertainment/fun to be discouraged)
- The Division Chair/Programme Chair approving the Industrial Visit/Field Trip/Outbound Training etc., shall ensure and endorse that the faculty members attached to the tour submit an undertaking stating that the tour is arranged only for Industrial Visit/ Study Tour/ Field Trip/ Outbound Training connected to academics, and students will not be taken or allowed to **mountain areas, rivers, canals, beaches, water parks, reservoirs, forest areas etc.,**; and, they are personally liable and answerable for any such untoward incident taking place during the tour.
- Places with potential hazards, such as political unrest, negligent security, disease outbreaks, threats of earthquake or frequent occurrence of Cyclone and flood, should be avoided.
- If the mode of transport is by bus, overnight travel is strictly not permitted. Any travel requiring more than 24 hours should not be by road (Preferable mode of Transport is Train).
- Faculty/staff arranged students' un-official tours shall be treated as violation of University Rules and the individuals organizing or arranging to organize such tours shall be subjected to appropriate disciplinary action.
- The capability of the participants to take part meaningfully in the activity must be taken into consideration when deciding the destination, itinerary and duration of the tour.
- The detailed tour schedule shall be submitted well in advance mentioning the date, time and place of departure and arrival, mode of travel (Bus/Train/Air/Ship/Other Modes), outstation accommodation arrangement details, list of important telephone numbers and addresses of the locations where the team is visiting including the phone-fax numbers of the hotel and local transport details.
- **If Travel by outside bus, FC copy of the bus should be produced with request form.**
- **Each study tour should maintain student faculty ratio of 20: 1.**
- **Lady faculty member should accompany girl students (It is applicable even if only one girl student is going for a trip)**
- The Accompanying faculties should submit the undertaking letter
- All students should get approval from their Proctor/Faculty Advisor and parents.
- The faculty members accompanying the group may be mix of multiple languages talented in order to manage tour affairs confidently and successfully.

- Faculty should authorize the complete schedule
- Club coordinator should accompany in case of representing any club
- List of students – with details (Male / female) to be submitted.
- At least one faculty member (either male or female) of the group needs to be fully acquainted with the touring stations so that they can guide and instruct students in an appropriate way accordingly to see that the students are not getting into any unforeseen incident or accident. Information relevant to the itinerary, such as the addresses and telephone numbers of the lodging places, location of the local police stations, hospitals, clinics or first-aid units as well as the emergency call numbers en route, should be collected. Such information should be given to the parents and the responsible person in the school before the trip for emergency needs.
- It is preferable to arrange two students (of same gender) or more to live in a room when allocating accommodation. This will facilitate provision of support to fellow members. Once the arrangement for accommodation is finalized, no student should be allowed to make any change without a proper reason so as to avoid causing confusion.
- No student shall be compelled to participate or to contribute money for any kind of tour just for the sake of fund management during the tour. In case of any such compulsion, the student(s) can report to the Safety Committee.
- The parents/guardians of the students (those who are participate in the tour) may be asked to submit an undertaking (by mail or fax or SMS) stating that the parent is permitting their ward to participate in the tour with their knowledge and at their own risk. Students if they are hostellers, they should get special leave approval from their respective Hostel authorities.
- Exit and Entry should be at VIT (Faculty and Students joining the group from their hometowns and leaving to their hometowns after the tour is not permitted under any circumstances)
- Before leaving for Industrial Visit/ Sports Meet/ Study Tour / Field Trip / Outbound Training etc., concerned faculty organizer shall arrange to procure adequate and proper FIRST AID KIT in consultation with our University Health Centre if necessary. The faculty members shall accompany the students throughout the tour/trip and shall stay along with the students.
- The faculty organizer should carry a small handy Fire Extinguishers (which is readily available in the fire safety office – back to TT Building) in order to apply them in case of fire accidents due to electric short circuit or otherwise either during travel or while staying in hotel etc., (An “ABC” dry chemical extinguisher can be used on any kind of fire). The unused fire extinguishers shall be returned by the faculty members to the Fire Safety Office. For the purpose, the Deans/Directors may take initiation to provide hands on training to all the faculty members with the help of our University Fireman Mr. AYUB KHAN.
- No faculty member attached to the tour shall alternate or replace other faculty/staff member on his/her behalf without prior proper approval of the Dean/Director.

- It is advisable that at least one of the faculty or participants should know first aid and use of Fire extinguishers.
- Students should be reminded of the need to follow the Faculty instructions and observe all the safety regulations throughout the trip.
- After checking in a local hotel, the students should first find out where the “fire escape” is. They should also acquaint themselves with the exit direction, the escape route and the place of assembly in case of emergency.
- Faculty accompanying should pay attention to the weather forecasts and news broadcasts of the place of visit. If there is any change in weather or other conditions, a contingency plan should be worked out as soon as possible.
- The faculty should have full knowledge of the health condition of each participant in order to determine whether specific participant(s) should not be allowed to take part in the activities of the day. He/she should take timely and appropriate action having regard to the circumstances of individual cases.
- The faculty should also arrange for any sick member to see the doctor immediately and to take effective preventive measures according to the doctor’s advice. If necessary, the faculty should inform the parents and the school regarding the students’ health conditions as soon as possible.
- The faculty should bring along with him/her the necessary safety equipment for the tour, for example, a first aid box, communications equipment (mobile phones), torches, etc.
- The faculty should monitor the speed of the vehicle (bus) in which they are traveling to ensure it is within safety limits. He/she should remind the driver or the reception personnel of the importance of road safety when necessary.
- After returning from the tour, the concerned faculty team shall submit a **BRIEF ARRIVAL REPORT** to the Students’ Safety Committee.
- Students attending the IV should submit an observation report for which internal marks may be awarded.

Note :

- **Faculty member participating in the tour would get 2 PI points per visit** (participating in School Administration)
- IV can be made in every semester as compulsory in part of the curriculum to motivate students and faculties

Dattajirao Kadam Arts, Science and Commerce College Ichalkaranji Department of Botany has arranged three days Botanical excursion study tour at 28th February to 2nd March 2023 for B.Sc. III students

- **Date** 28-02-2023
- Total **B.Sc.III** students participated in tour
- **Tour in charge:** - Dr.S.T.Ingle, Dr. M. Y. Shinde
- **Time of visit start :** - 04:00 am
- **Time of arrival:** - 2:20 pm, last Day.(2nd March)
- **Tour route:** - Ichalkaranji ----Tuljapur -----Chatrapati Sambhaji Nagar -----Nath Seeds -----Department of Botany Dr. Babasaheb Ambedkar Marathwada University----- Ajanta Caves----- Ellora caves a UNESCO World Heritage Site -----Shirdi-----Ichalkaranji.
- **Site Visited:** - Chatrapati Sambhaji Nagar (Nath Seeds, Department of Botany Dr. Babasaheb Ambedkar Marathwada University), Ajanta Caves and Ellora caves a UNESCO World Heritage Site

The main objective of botanical excursion is to study the plant habit and habitats, vegetation type, flora and fauna, topography, soil type, climatic conditions etc. Maharashtra is one the state in India having vast biodiversity. The invaluable ensemble of 34 caves at Ellora in the Charanandri hills of western India's Maharashtra State. The caves at Ajanta are excavated out of a vertical cliff above the left bank of the river Waghora in the hills of Ajanta.

We have started our journey at 04:00 am from our college, and reached the different points, where observed different plant specimens.

Nath Seeds

Nath Bio – Genes is a science based end to end agritech company with the mission to serve and enrich lives of the Indian farmers. The company offers categories of seeds including cereals, fiber and oil seeds, nutritional supplements, and vegetables. We have played a pivotal role in shaping Indian agriculture by developing and supplying superior quality seeds to farmers for sustainable and

nutritious yield. They help farmers to grow safe and nutritious food whilst keeping their welfare in mind. Main aim goals are centered primarily on increasing productivity for farmers through assured security in food in finances through higher income in health through enriched nutrition and for the environment through sustainable management of resources. Nath bio genes are amongst the leading developers and producers for farmers.

They strive to provide farmers more resistant, vigorous and stronger plants including innovative hybrids and bio-tech crop varieties that thrive in challenging growing conditions like draught, disease and allow farmers to grow quality food. Nath Bio – Genes create value for farmers by increasing yields, profitability and helping them to manage risk.

Ajanta Caves

Place :	Ajantha Caves
PIN Code	431118
District :	Chatrapati Sambhaji nagar
Tehsil/ Taluka :	Sillod
State :	Maharashtra
Latitude :	20.533313
Longitude :	75.749987

Ajanta caves are located in the Sahyadri ranges (Western Ghats). These are a series of rock-cut caves on Waghora River near Chatrapati Sambhaji nagar in Maharashtra. There are a total of 29 Buddhist caves in Ajanta of which 4 were used as Chaitya or prayer halls while 25 were used as Viharas or residential caves. The Ajanta Caves have been made an UNESCO World Heritage site in 1983. They are located in a valley, about 4 kilometers (2.5 mi) from the town of Ajanta, in the northwest of the state. Buddhist monks lived in the valley, from 2nd century BCE to about the 7th century CE. They used some of the caves to make temples. Ajanta Caves exemplifies one of the greatest achievements in ancient Buddhist rock-cut architecture. The artistic traditions at Ajanta present an important and rare specimen of art, architecture, painting, and socio-cultural, religious and political history of

contemporary society in India. The Ajanta Caves constitute ancient monasteries and worship-halls of different Buddhist traditions carved into a 75-metre wall of rock.

The caves also present paintings depicting the past lives and rebirths of the Buddha, pictorial tales from Aryasura's Jatakamala, and rock-cut sculptures of Buddhist deities.

- **First Period Caves (Satavahana) - Caves 9, 10, 12, 13 & 15A**

Caves no. 9, 10, 12, 13 and 15A were the earliest constructed caves. The caves show a heavy influence of the Hinayana or Theravada group of Buddhism. A group of researchers including Walter Spink estimate the period of construction to around 100 BCE to 100 CE. This group believes that the caves were built under the patronage of the Satavahana Dynasty. Date the period of construction during the reign of the Mauryan Empire. The main distinguishing feature of the caves of the earlier period is their emphasis on the stupa structure rather than sculptures. Both caves 9 and 10 are stupa based with the worship hall and caves 12, 13 and 15A are based on the vihara (where monks reside) style of construction. Also, the Hinayana phase in Buddhism did not worship Buddha as a Hindu God.

- **Second Period Caves (Vakataka) - Caves 1-8, 11, 14-29**

Also known as the caves from the Vakataka period there is some discrepancy over the exact time of construction. The period of construction was, in fact, concise and lasted from 460 to 480 CE. This phase also started accepting women as nuns, and unlike the Hinayana school which denied pleasure, the Mahayana form was open to the desires between a man and woman. Cave 19, 26 and 29 are chaitya Grihas or the prayer halls. The rest of the caves are viharas or abodes for monks. The incomplete caves were abandoned after the death of Harishena. The first period caves were left abandoned for more than three centuries before the rule of Harishena. The king along with his Prime Minister Varahadeva and sub-king Upendragupta commissioned the digging of the new caves. The excavation was stopped around 468 because of threats from

the Asmaka kings and work continued only in Cave 1 which was commissioned by Harishena and Cave 17-20 that were under Upendragupta. Only Cave 26 continued to be under construction because the Asmaka kings commissioned it.

Ellora Caves

Place :	Ellora caves
PIN Code	431102
District :	Chatrapati Sambhaji nagar
Tehsil/ Taluka :	Khuldabad
State :	Maharashtra
Latitude :	20.022638
Longitude :	75.161858

Ellora Caves are a rock-cut Hindu, Buddhist and Jain cave complex, with artwork dating from the period 600–1000 CE, located in the Sambhaji nagar District of Maharashtra, India. The caves, situated at a distance of around 30 kilometers from Sambhaji nagar, are famous for their amazing architecture and style. Ellora is a UNESCO World Heritage Site. Ellora monuments were built during Hindu dynasties such as the Rashtrakuta dynasty, which constructed part of the Hindu & Buddhist caves, and the Yadava dynasty, which constructed a number of the Jain caves. These caves are manmade temples cut into an enormous stonework hillside, constructed by generations of Jain, Hindu and Buddhist monks. Ellora Caves comprise of 34 cave temples from the period between the 6th and 11th centuries AD. Among these temples 12 are Mahayana Buddhist caves that date back to 550-750 AD, while 17 are Hindu caves belonging to 600-875 AD and 5 caves of the Jains from 800-1000 AD. The Kailasa Temple, in cave number 16, is the most outstanding of all.

Mural paintings in Ellora are found in 5 caves, but only in the Kailasa temple, they are somewhat preserved. The paintings were done in two series - the first, at the time of carving the caves & the subsequent series was done several centuries later.

The caves of the Buddhist group, Cave 10 (Visvakarma or Sutar- ki -jhopari, the Carpenter's cave), Cave 11, and Cave 12 (Teen Tal, or three-storied monastery, the largest in this category) are particularly important. These caves mark the development of the Vajrayana form of Buddhism and represent a host of Buddhist deities. The prominent caves of the Brahmanical group are Cave 15 (Dasavatara , or Cave of Ten Incarnations), Cave 16 (Kailasa , the largest monolithic temple), Cave 21 (Ramesvara) , and Cave 29 (Dumar Lena). Amongst these, Cave 16 is an excellent example of structural innovation, and marks the culmination of rock-cut architecture in India featuring elaborate workmanship and striking proportions. The temple is decorated with some of the boldest and finest sculptural compositions to be found in India. The sculpture depicting Ravana attempting to lift Mount Kailasa, the abode of Siva, is especially noteworthy. The remains of beautiful paintings belonging to different periods are preserved on the ceilings of the front mandapa (pillared hall) of this temple. The Jaina group of caves (caves 30 – 34) is exquisitely carved with fine, delicate sculptures, and includes fine paintings dedicated to the Digambara sect.

Tour Report : Goa

On the occasion of Thomas Alva Edison birth day, we were planned of study tour on 19th Feb, 2023. Our tour point is beaches, science centre, church, Bondla Abhayaranya, Mangesh Temple. We were the fourteen students and two staff members or teachers. Everyone was excited to explore this tour.

We started our journey at 1 A.M on 19th Feb. 2023 then at 6 A.M we reached at Baga Beach. On 1st day i.e. 20th Feb our journey started from Baga beach which was calm, stressless, full of nature beauty. We enjoyed sunrise in Baga beach and it was very nice experience after full enjoy on beach then started our next journey on science centre at 11:30 A.M.

Then next we arrived to Panji where our main destination 'The Goa Science Centre'. The Goa Science Centre is a science museum located on New Marine Highway, Miraman Panji. It is joint project of Division of India's National Council of Science Museum and Model of periscope, Model of atomic energy and much more model which yet we were studied in textbooks.

The centre also houses into active exhibits inside the buildings and presents science shows for young children daily. ex- 3D shows and Digital planetarium for all ages.

In 3-D shows, we showed a Life of fish. It was amazing show. We experienced 3D experience. It was like we were part of that science, also understood the principle of 3-D. A Life of fish. Sometimes, terrified scene are showed actually coming out of screen. We enjoyed it.

The Digital planetarium was also amazing. There we reached in digitally 'The Sun and Our planet'. We actually experienced sun as front of us. We yet were learned the sun and sun-spots electromagnetic field of sun and also of our earth, its significance, how it helps us how it protects us. But at planetarium of Goa we saw it properly. Which made our view clear about the studied knowledge. It was liked that we were revising our whole knowledge of sun, sunspots, sunstrom and the earth which were studied already.

Gathering the whole knowledge, we had a small but relaxing break on a minamar beach. Here we enjoyed sunset. We played on beach. Then at night we were stay at Hotel. The first day of tour was completed.

On the Next Day 21th Feb. our Journey started from Mangesh temple. Temple is nice clean and decorated. one get piece of mind once to enter the temple got the blessing from almighty Mahadev god. Also seen huge Rath, every year procession in Jan end or Feb start

Happy to know that food is available at centre food was very good. After visiting the mangesh temple we go for shopping and we do and in the shopping we bought new shoes, hand bags, and Jewellery etc.

I was really happy to visit mangesh temple and this was really amazing beautiful and wonderful temple. Then started our Journey towards the Next point is bondla Abhayarnya Bondla Wildlife Sanctuary is located in north eastern Goa, India in Ponda, Taluka.

The total area of the park is 8 km^2

It is popular Destination for eco-tourists, school children, families and students. First time I was see the variety of wide animal life, including Sambar, deer, India bison, malabar gaint, squirrel, Indian peafowl and many species of snakes. And the abundance of animal and plant life that can a experienced in the sanctuary is also a first and also saw many other attractions including the zoo, Botanical garden, Deer safari park, and nature interpretation centre.

I was very happy to visit Bondla wild-life sanctuary as I experienced many types of animal life and was delighted to see the beauty of Nature. Then we start our Next Journey point is old church and New church. It was a really undefined feeling in the church there are many peoples are present there For they prayers the type of there pray that way to talk with god.

It was such a different and unique the silence of the inside the church. It gives us the unique power and calm our mood, stress that Freshness in air the presense of Freshness was such a relaxing and giuing the positive energy There is over the second day of Tour.

There was the mostly Very good experience of whole tour. We are Fully enjoyed the time was spending by us and that togetherness is as ~~memorable~~ For us.

All about the Tour was the best way to relaxing and as well as getting knowledge of every small things and we get more information about unknown things and places. It is simplest way to call students and teachers For Holiday From Daily routine and experience new things. Everyone should ~~but~~ do the visits like this. Then started our Journey towards the Homes.

Students visited to beach at goa

विषय : मराठी विश्वकोश निर्मिती माहिती संपादनार्थ अभ्यास भेट

महोदय,

आमच्या महाविद्यालयाच्या मराठी विषयाच्या विद्यार्थ्यांना त्यांच्या अभ्यासक्रमात संपादन प्रक्रियेचा समावेश आहे. उपयोजित मराठीतील सदर घटकातील विश्वकोश निर्मिती संपादन कार्याची ओळख करून घेऊन प्रत्यक्ष पाहणीचा अनुभव घेण्यासाठी दि. १९/११/२०२२ रोजी आपल्या कार्यालयास अभ्यास भेट नियोजित आहे.

कृपया उपरोक्त प्रक्रियांची संवधितांना माहिती देऊन उपकृत करावे ही नम्र विनंती.

कळावे,

आज दि. १९ नोव्हेंबर २०२२ रोजी डी.के.एस.सी. महाविद्यालयातील शिक्षक व विद्यार्थ्यांनी मध्यरात्र राज्य मराठी विश्वकोश निर्मिती मंडळाचा वाई येथील मराठी विश्वकोश अभ्यासालयास हजेरी घेऊन मराठी विश्वकोश निर्मिती, रचना, लेखन, लेखन विषय २१. विषयान्वय विद्यार्थ्यांनी प्रश्न विचारून माहिती घेतली

आपला विश्वासू,

(डॉ. अनिल पाटील)

Report on Visit at Shivaji University, Kolhapur

On 10th November, 2022, Department of Physics, Dattajirao Kadam Arts, Science, and Commerce College, Ichalkaranji organized the visit at Department Of Physics, School Of Nanoscience and Biotechnology, CFC, Shivaji University, Kolhapur. There are 42 Students from Classes B.Sc.II and B.Sc. III (Physics) with 4 Faculty members was present for this visit.

We arrived there at 10 a.m. by bus. We visited initially at the Department Of Physics, Shivaji University, Kolhapur. We were guided by Dr. Sonkawade sir, Dr. Kalash Sir and other research students about the instrumentation, research methodologies present at the department. We visited PIFC (Physics Instrumentation facility Centre) where characterization facilities like- X-Ray Powder Diffractometer, Contact Angle meter, C.T. meter, Solar simulator, UV-VIS Spectrophotometer, EQCM, Scanning Electron Microscope (SEM), FT-Raman Spectrometer are provided.

Further, we visited School Of Nanoscience and Biotechnology, Shivaji University, Kolhapur. Under the guidance of I/C Director of department Prof. Dr. K.K. Sharma sir we got information about various disciplines like nanomaterials for energy storage and generation, nanocatalysis, nanobiotechnology, nanoelectronics, nanomaterials and devices.

Then we visited CFC (Central Facility Centre), Shivaji University, Kolhapur. The different advanced characterization facilities were present there. Instruments like Thermal Analyzer (DSC TGA), Microwave Digestion System, Particle size Analyzer with Zeta Potential, ICP-OES, FTIR Spectrometer, TEM, SAXS, Bio-AFM, Micro Raman Spectrometer (XPS) provided there.

Subject - Permission for B.sc. III study visit for
zoology students.

Respected Sir,

With respect to above mentioned subject, Department
of Zoology is going to arrange the study visit as per syllabus
of Shivaji University, Kolhapur for B.sc III students at

1. Route: Ichalkaranji - Panchaganga river side - Menon goat
farm, Savarde - Ichalkaranji.
2. Date: 23/05/2022
3. Student Strength: 15
4. Vehicle: Private (20 seater: 01)
5. Staff No.: 04 (Zoology)

Kindly grant for permission for the same
and obige.

Following staff will accompany the study visit

1. Dr. K.P. Shinde: Professor ~~Prof.~~
2. Dr. P.K. Waghmare: Assistant professor
3. Dr. N.H. Shaikh: Assistant professor
4. Dr. R.A. Sanadi: Assistant professor [Tours-Incharge] ^{Sanadi}

Thanking you,

Permission Granted

* The Undertaking should repeat in all pages

**GUIDELINES TO GET FINAL APPROVAL FOR INDUSTRIAL VISIT/CULTURAL VISIT/
SPORTS MEETS/ FIELD TRIP/STUDY TOUR/OUT BOUND TRAINING/**

- The Programme Chairs may plan only academic related tours as and when required with small groups attaching adequate or proportionate male and female faculty members (Students' tours of entertainment/fun to be discouraged)
- The Division Chair/Programme Chair approving the Industrial Visit/Field Trip/Outbound Training etc., shall ensure and endorse that the faculty members attached to the tour submit an undertaking stating that the tour is arranged only for Industrial Visit/ Study Tour/ Field Trip/ Outbound Training connected to academics, and students will not be taken or allowed to **mountain areas, rivers, canals, beaches, water parks, reservoirs, forest areas etc.**; and, they are personally liable and answerable for any such untoward incident taking place during the tour.
- Places with potential hazards, such as political unrest, negligent security, disease outbreaks, threats of earthquake or frequent occurrence of Cyclone and flood, should be avoided.
- If the mode of transport is by bus, overnight travel is strictly not permitted. Any travel requiring more than 24 hours should not be by road (Preferable mode of Transport is Train).
- Faculty/staff arranged students' un-official tours shall be treated as violation of University Rules and the individuals organizing or arranging to organize such tours shall be subjected to appropriate disciplinary action.

- The capability of the participants to take part meaningfully in the activity must be taken into consideration when deciding the destination, itinerary and duration of the tour.
- The detailed tour schedule shall be submitted well in advance mentioning the date, time and place of departure and arrival, mode of travel (Bus/Train/Air/Ship/Other Modes), outstation accommodation arrangement details, list of important telephone numbers and addresses of the locations where the team is visiting including the phone-fax numbers of the hotel and local transport details.
- **If Travel by outside bus, FC copy of the bus should be produced with request form.**
- **Each study tour should maintain student faculty ratio of 20: 1.**
- **Lady faculty member should accompany girl students (It is applicable even if only one girl student is going for a trip)**
- The Accompanying faculties should submit the undertaking letter
- All students should get approval from their Proctor/Faculty Advisor and parents.
- The faculty members accompanying the group may be mix of multiple languages talented in order to manage tour affairs confidently and successfully.
- Faculty should authorize the complete schedule
- Club coordinator should accompany in case of representing any club
- List of students – with details (Male / female) to be submitted.
- At least one faculty member (either male or female) of the group needs to be fully acquainted with the touring stations so that they can guide and instruct students in an appropriate way accordingly to see that the students are not getting into any unforeseen incident or accident. Information relevant to the itinerary, such as the addresses and telephone numbers of the lodging places, location of the local police stations, hospitals, clinics or first-aid units as well as the emergency call numbers en route, should be collected. Such information should be given to the parents and the responsible person in the school before the trip for emergency needs.
- It is preferable to arrange two students (of same gender) or more to live in a room when allocating accommodation. This will facilitate provision of support to fellow members. Once the arrangement for accommodation is finalized, no student should be allowed to make any change without a proper reason so as to avoid causing confusion.
- No student shall be compelled to participate or to contribute money for any kind of tour just for the sake of fund management during the tour. In case of any such compulsion, the student(s) can report to the Safety Committee.
- The parents/guardians of the students (those who are participate in the tour) may be asked to submit an undertaking (by mail or fax or SMS) stating that the parent is permitting their ward to participate in the tour with their knowledge and at their own risk. Students if they are hostellers, they should get special leave approval from their respective Hostel authorities.
- Exit and Entry should be at VIT (Faculty and Students joining the group from their hometowns and leaving to their hometowns after the tour is not permitted under any circumstances)
- Before leaving for Industrial Visit/ Sports Meet/ Study Tour / Field Trip / Outbound Training etc., concerned faculty organizer shall arrange to procure adequate and proper FIRST AID KIT in consultation with our University Health Centre if necessary. The faculty members shall accompany the students throughout the tour/trip and shall stay along with the students.

- The faculty organizer should carry a small handy Fire Extinguishers (which is readily available in the fire safety office – back to TT Building) in order to apply them in case of fire accidents due to electric short circuit or otherwise either during travel or while staying in hotel etc., (An “ABC” dry chemical extinguisher can be used on any kind of fire). The unused fire extinguishers shall be returned by the faculty members to the Fire Safety Office. For the purpose, the Deans/Directors may take initiation to provide hands on training to all the faculty members with the help of our University Fireman Mr. AYUB KHAN.
- No faculty member attached to the tour shall alternate or replace other faculty/staff member on his/her behalf without prior proper approval of the Dean/Director.
- It is advisable that at least one of the faculty or participants should know first aid and use of Fire extinguishers.
- Students should be reminded of the need to follow the Faculty instructions and observe all the safety regulations throughout the trip.
- After checking in a local hotel, the students should first find out where the “fire escape” is. They should also acquaint themselves with the exit direction, the escape route and the place of assembly in case of emergency.
- Faculty accompanying should pay attention to the weather forecasts and news broadcasts of the place of visit. If there is any change in weather or other conditions, a contingency plan should be worked out as soon as possible.
- The faculty should have full knowledge of the health condition of each participant in order to determine whether specific participant(s) should not be allowed to take part in the activities of the day. He/she should take timely and appropriate action having regard to the circumstances of individual cases.
- The faculty should also arrange for any sick member to see the doctor immediately and to take effective preventive measures according to the doctor’s advice. If necessary, the faculty should inform the parents and the school regarding the students’ health conditions as soon as possible.
- The faculty should bring along with him/her the necessary safety equipment for the tour, for example, a first aid box, communications equipment (mobile phones), torches, etc.
- The faculty should monitor the speed of the vehicle (bus) in which they are traveling to ensure it is within safety limits. He/she should remind the driver or the reception personnel of the importance of road safety when necessary.
- After returning from the tour, the concerned faculty team shall submit a **BRIEF ARRIVAL REPORT** to the Students’ Safety Committee.
- Students attending the IV should submit an observation report for which internal marks may be awarded.

Note :

- Faculty member participating in the tour would get 2 PI points per visit (participating in School Administration)
- IV can be made in every semester as compulsory in part of the curriculum to motivate students and faculties

STUDY TOUR REPORT

Department of Zoology

Certificate

This is to certify that, Mr./Ms. Bedkyle Dhanraj Sheikant
----- has prepared this study report satisfactory by visiting,
Panchaganga Water Reservoir on 23/05/2022 by the, Department of
Zoology DKASC College Ichalkaranji, as per prescribed by the Shivaji
University, Kolhapur for the fulfillment of B.Sc-III course in Zoology
Practical examination to be held in May/June 2022.

Teacher Incharge

Examiner

HEAD
Department of Zoology
Dattajirao Kadam Arts, Science
and Commerce College,
Ichalkaranji.

* visit to panchganga water reservoir :-

Distance - prayag chikhli to shree ishetra Nursihwad

1) This is highly polluted river

Disposal of sewage waste from big cities like Kolhapur and Kala Odha of Ichalkaranji many small village settled on this bank of river.

2) large industrial area of these cities are also deposit chemical used by Jayanti Nala of Kolhapur and Kala Odha of Ichalkaranji

3) many 7-8 sugar cane factories are settled on bank of river and they disposed molassis without any treatment directly in river.

4) These area is green belt most of farmers are not used observed water. The over water is percolated and drain through small streams and again they are discharge into panchganga river. Due to different types of chemicals waste agriculture waste domestic waste. In the river ecosystem, the water hyacinth like aquatic weeds are grown very fast so that they are dangerous not only for human being also. This river showing two zones at the bank of river that is littoral zone and sub littoral zone but at middle region river showing 3 zones littoral sub littoral and profundus zone respectively. In this river system there is also present aquatic biodiversity i.e. having catla - catla, Rohu, marginal cyprinus

walgattu attu, silver carp, ele, lobia, tilapia, some local fish like khavoly, Kolashi, Bondrak, chambarki, Ichkar, Khavachon, Dhokra, maly, shingati, shingada mirchungi, etc

water palmcivate, water like mammals different types of prawns, crabs, crocodiles, water snake present and tortois are also found in this river.

on the bank of this river there is rich biodiversity is seen.

- * panchaganga river made with five tributaries i.e kumbhi, kasari, Bhagavat, Tulasi and saraswati river made the panchaganga river at prayag chikhali in these 5 rivers saraswati river is hidden and other 4 rivers are not highly polluted as compare to panchaganga river.

Water ReservoirIntroduction:-

According to our syllabus recommended by Shivaji University Kolhapur. The Zoology Department organised a study tour for students and knowledge about the places which was doesn't know by student.

The study tour gives an important knowledge about our Biodiversity As per the syllabus was an exposure trip to place of educational important.

Before the one day of trip we planned all the time management and schedule of trip. At the morning 7 AM all the student was gathered in campus of college. After the all the student and teacher we all the guys gone towards Parbhanga river for the observe 'water and arial biodiversity according to our syllabus of water reservoir. The traveller of Dhanalakshmi and travel no MH 11 B1 78-86

We all gone on Parbhanga river for observe bird and aquatic biodiversity (fishes) before the that we gone towards the observe the bird there was different species of bird was seen and their nests are also seen as some Arthropoda like grass hopper and insects are also seen.

there was very fresh environment was available we heard the sounds of different bird. Before the tour we only saw that bird these animals in only photograph but visualization is important for better understanding.

Distance - ~~payag~~ chikhali to shrishetra Nursihwadi
This river highly polluted.

* Disposal of sawage waste.

The study of bird and biodiversity of Air and aquatic ecosystem is seened on that trip the local birds was seen by student on panchganga river spot like kingfisher, common house sparrow, crow seen by student there was about 25 to 30 birds are seen some arthropods animals like hopper and insect was seen then we discuss about the birds, sounds thier locomotion is observed by students after that we all the student and staff gone towards the fishes to see various type which pounds in panchganga river. the common fishes like cat fish, Rohu, Tiplapia, pompret etc was observed and teachers gived the information about that species and then they sells all the fishes. To conduct more information of fishes we all also gone in market of fish of Ichalkaranji

The local fisherman have all the species of panhanga river like fishes, crabs, prawn and so many aquatic animals we all the students spend the time with fishes for the clear visualization.

after that we ~~went~~ to our next spot of trip

some species of birds that was observed

1) Rohu Egret

classification :-

Kingdom - Animalia

phylum - chordata

class - Aves

order - pelecaniformes

family - Ardeidae

morphological particularities.

- 1) Egret feathers are entirely white
- 2) It has a long, sharp yellow bill and long gray to black legs with non webbed feet with very long toes
- 3) when the great egret is in breeding plumage it has long lacy and delicate plumes on its back that curl over its tail.
- 4) males & females look alike, but a males a little larger.
- 5) The great egret is also called as American Egret & many other names are available.

2) Drongo :-

classification :-

Kingdom :- Animalia

phylum - chordata

class - Aves

order - passeriformes

Family - Dicruridae

Genus - Dicrurus

species D macrocercus

morphological peculiarities

- 1) most are black or dark grey in color sometimes with metallic tints.
- 2) They have long forked tails
- 3) They have short legs and sit very upright upright whilst perched like a shrike
- 4) The sexes cannot be told apart in the field.

3) common House sparrow

Classification

kingdom - Animalia

phylum - chordata

class - Aves

order - Passeriformes

family - Passeridae

genus - passer

species - p domesticus

morphological particularities.

- 1) The house sparrow is typically about 16 cm grey in colour
- 2) The plumage of the house sparrow is mostly different shades of grey and brown.
- 3) sexes exhibits sexes strong dimorphism
- 4) The female is mostly buffish above & below while the male has boldly coloured head.
- 5) The house sparrow is closely associated with human habitation & cultivation.

Boya Weaver

Classification

Kingdom - Animalia

Phylum - Chordata

Class - Aves

Order - Passeriformes

Family - Ploceidae

Genus - Ploceus

Species - P. philippinus

Morphological Particularities

- 1) These are sparrow size 15 cm and in their non breeding plumage
- 2) Both male & females resemble female house sparrow.
- 3) They have a stout conical bill and short square tails.
- 4) Non-breeding male & females look very similar
- 5) Eyebrows long and buff coloured
- 6) Bill is horn coloured and no mask
- 7) Yellow breast & cream buff below.

After the morning bird visit, we also visit the panchganga river which is near to our bird visit spot we went there near to river bank, to get information about fishes species, their diversity. But we observed that fisherman out there who caught the various species of fishes through their fish catching mesh/net and they brought to fish markets for selling so we observed there some tiny small sized species but we went to near fish market for more visualisation of species we went fish market for observations which located in Ichalkaranji. According to new syllabus, water reservoir we went for that spot to get more knowledge about morphology external features, uses in economic conditions our teacher staff guided us we went there about 9:30 to 10:30 am we spent there.

We observed many species in that fish market, morphological peculiarities

mainly observed species

- 1) Rohu
- 2) Tilapia
- 3) pomfret
- 4) crabs etc

2) Pomfret -

classification -

Kingdom - Animalia

Phylum - Chordata

Class - Actinopterygii

Order - Perciformes

Superfamily - Percoidea

Family - Bramidae

Genus - *Brama*

Species - *Brama Fajii*

Characteristics

- 1) they are found globally in Atlantic, Indian and seas including the Norwegian.
- 2) Mediterranean and sea of Japan nearby all species can found in high seas.

As food.

The fish is prized is in Indo Asia-Pacific region for the taste.

its flesh is soft and buttery when cooked called zabidi in Arabic, which is derived from word zaidan meaning butter due to its tender flesh.

In Malaysia it is known as bawal putih.

3) Tilapia

classification :

Kingdom - Animalia

phylum - chordata

class - Actinopterygii

order - cichthiformes

Family - cichlidae

Tribe - tilapiini

Genus - Tilapia

species - Tilapia sparrmanii

characters: -

- 1) Tilapia is the common name for nearly a 100 species of cichlid cichlinine, heterotilapine, oreochromine, pelmatotilapine and tilapine tribe with economically most important species.
- 2) Tilapia are mainly freshwater fish inhabiting shallow streams ponds river and lakes and less commonly found living in blackwater.
- 3) Historically they have been of major importance in artisanal fishing in Africa and they are of increasing importance in agriculture.
- 4) Tilapia can become a problematic invasive species in new warm water habitats such as Australia whether deliberately or accidentally introduced.

4) crabs

classification.

Kingdom - Animalia

Phylum - Chordata

Class - Malacostraca.

sub Phylum - Crustacea.

Order - Decapoda.

sub order - Placodymata.

species - *Callinectes Menaes*.

characteristics -

- 1) crabs are decapod crustaceans.
- 2) their eyes are on short stalks & they have short, broad and more or less flattened bodies with small abdomens that are folded under the thorax.
- 3) crabs are generally covered with thick exoskeleton composed primarily of highly mineralized chitin.
- 4) Armed with a pair of chelae.
- 5) males often have large claws.
- 6) crabs often show marked sexual dimorphism.

* outcome from tour:-

The study tour was organised for the student to extra information about your syllabus also study tour makes a students graceful. better than the theory the visualization makes helpful to student to understand the topic also it is included in syllabus. After that students get inspire from study tours students get motivated from tour thinking level of students may be better than they expect. The self confidence level be increases also social behaviour of student get grows. study tour leads a leadership of students student motivated for bussiness purpose.

students regularity are also seened through the tour. The environment study motivated for students to make different innovative ideas for future students leads for more satifcation for that topic also they plays important role and get more graceful for the social behaviour

THANK
you!

**A Short Term Course on
Software Project Management**
Minutes of Meeting of Board of Studies
held on Thursday, 2nd February, 2023.

1. Review of Short-Term Course Offerings:

The board reviewed the current short-term course offerings and discussed their relevance, popularity, and potential updates or additions.

2. Discussion on Curriculum Updates:

Members discussed potential updates to the curriculum of existing short-term courses to ensure they remain up-to-date with industry standards and meet the needs of participants.

3. Evaluation and Accreditation Procedures:

The board discussed the evaluation criteria and procedures for accrediting short-term courses, ensuring quality and standards are maintained.

4. Budget Allocation:

Budget allocations for short-term courses were reviewed and adjusted as necessary to support the development and delivery of courses

The Meeting ended with thanks to the chair.

Theory : 20 Hrs. (20 lectures of 1 Hour) Practical: 10 Hrs. (10 lectures of 1 Hour)

Total Lectures : 30 Hrs. (30 lectures)

Course Description:

This course provides students with the knowledge and skills necessary to effectively manage software projects from inception to delivery. Students will learn project management methodologies, tools, and techniques specific to software development, enabling them to plan, execute, and monitor projects successfully.

Course Objectives:

- Understand fundamental concepts and principles of software project management.
- Apply project management methodologies and frameworks to software development projects.
- Develop project plans, schedules, and budgets tailored to software projects.
- Identify and mitigate project risks and issues throughout the project lifecycle.
- Utilize project management tools and techniques to track progress and ensure project success.

Course Contents:

1. Introduction to Software Project Management

- Overview of software project management principles and practices.
- Importance of project management in software development.
- Key roles and responsibilities of a software project manager.
- Comparison of different project management methodologies (Waterfall, Agile, etc.).

2. Project Initiation

- Project charter and scope definition.
- Stakeholder identification and management.
- Requirements gathering and analysis.
- Work breakdown structure (WBS) and project scheduling.
- Resource allocation and budget estimation.

3. Software Project Planning

- Size Estimation, Cost Estimation
- Models - COCOMO, The Putnam Resource Allocation Model
- Risk Identification and Projection: RMMM,
- Project scheduling and Tracking
- Software Design Process, Design Principles
- Design Concepts: Effective Modular Design, Design Heuristics,
- Design Documentation (SRS),
- Design Methods: Data Design, Architectural Design, Interface
- Design, Procedural Design.

4. Agile Project Management

- Agile principles and values.
- Scrum framework: roles, ceremonies, and artifacts.
- Kanban methodology and Lean principles.
- Sprint planning, backlog refinement, and iteration review.

5. Risk Management

- Identification, assessment, and prioritization of project risks.
- Risk mitigation strategies and contingency planning.
- Monitoring and controlling risks throughout the project lifecycle.
- Risk response planning and implementation.

6. Quality Management

- Definition of quality in software projects.
- Quality assurance vs. quality control.
- Software testing methodologies and techniques.
- Continuous integration and deployment (CI/CD) practices.

7. Project Execution and Monitoring

- Project kickoff and team mobilization.
- Task assignment, progress tracking, and status reporting.
- Change management and scope control.
- Performance measurement and metrics analysis.

8. Team Collaboration and Communication

- Effective communication strategies for project teams.
- Team building and motivation techniques.
- Conflict resolution and stakeholder management.
- Remote team management considerations.

9. Project Closure and Post-Implementation Review

- Criteria for project closure and handover.
- Lessons learned documentation and knowledge transfer.
- Post-implementation review and project evaluation.
- Celebrating successes and acknowledging contributions.

Teaching Methods:

- Lectures: Instructor-led presentations covering theoretical concepts, methodologies, and best practices.
- Case Studies: Analysis of real-world software projects to understand practical applications of project management principles.
- Group Projects: Collaborative assignments to develop project plans, schedules, and deliverables.
- Guest Speakers: Industry experts sharing insights and experiences in software project management.
- Role-playing Exercises: Simulated scenarios to practice decision-making, problem-solving, and communication skills.

Assessment Strategies:

- Individual Assignments: Project plans, risk assessments, progress reports, and other deliverables demonstrating understanding of course concepts.
- Group Presentations: Presentation of project plans, status updates, and post-implementation reviews to peers and instructors.
- Exams and Quizzes: Assessments to evaluate comprehension of key topics, methodologies, and tools.
- Participation: Active engagement in class discussions, group activities, and peer feedback sessions.

Resources:

- Textbooks and Reading Materials: Recommended textbooks, articles, and online resources on software project management.
- Project Management Software: Tools for project planning, scheduling, task management, and collaboration (e.g., Microsoft Project, Jira, Trello).
- Online Courses and Tutorials: Supplementary learning resources available on platforms like Coursera, Udemy, and LinkedIn Learning.
- Industry Standards and Best Practices: Access to project management frameworks, guides, and standards (e.g., PMBOK, Agile Manifesto).

Prerequisites:

- Basic understanding of software development processes and methodologies.
- Familiarity with project management concepts or relevant work experience is beneficial but not required.

Grading Policy:

- Grading criteria will be provided at the beginning of the course, outlining the weightage of assignments, exams, participation, and other assessment components.
- Grades will be assigned based on demonstrated proficiency in course objectives and overall performance in assessments.

(Shri. S. B. Patil)

Member,
B.O.S., S.T.C.

Dattajirao Kadam Arts, Science and
Commerce College, Ichalkaranji.

----------	--

**Test on S.T.C.
Software Project Management**

Day and Date: Tuesday, 21-03-2023

Time: 12:30p.m.

Marks: 50

Instructions:

- 1) Every Question carries 2 marks.
 - 2) Tick ✓ on Correct Option.
 - 3) All Questions are compulsory.
-

1. What is a common technique for team building in project management?
 - A) Encouraging competition among team members
 - B) Ignoring individual contributions
 - C) Organizing team-building activities
 - D) Minimizing interaction between team members
2. How can conflicts within a project team be effectively resolved?
 - A) Ignoring conflicts and hoping they resolve themselves
 - B) Mediating discussions and finding mutually acceptable solutions
 - C) Blaming individuals for conflicts
 - D) Avoiding communication with conflicting parties
3. What is a consideration for managing remote teams?
 - A) Decreased need for communication
 - B) Lack of trust among team members
 - C) Higher productivity compared to on-site teams
 - D) Limited access to collaboration tools
4. What are criteria for project closure typically based on?
 - A) Timeliness and budget adherence
 - B) Length of the project charter
 - C) Number of stakeholders involved
 - D) Frequency of team meetings
5. What is the purpose of a post-implementation review?
 - A) To assign blame for project failures
 - B) To document lessons learned and identify areas for improvement
 - C) To celebrate the completion of the project
 - D) To allocate resources for future projects

6. How should successes be acknowledged at the end of a project?
 - A) By ignoring individual contributions
 - B) By celebrating team achievements
 - C) By blaming team members for any shortcomings
 - D) By withholding recognition from team members
7. What is the purpose of lessons learned documentation?
 - A) To assign blame for project failures
 - B) To document successes only
 - C) To identify areas for improvement in future projects
 - D) To discourage team collaboration
8. Who is responsible for knowledge transfer at the end of a project?
 - A) Only the project manager
 - B) Only the team members
 - C) Both the project manager and team members
 - D) External consultants
9. What is the significance of celebrating successes at the end of a project?
 - A) It boosts team morale and motivation
 - B) It increases project risks
 - C) It hampers future project planning
 - D) It delays project closure
10. How can a project manager ensure effective knowledge transfer?
 - A) By keeping project information confidential
 - B) By documenting lessons learned and best practices
 - C) By avoiding communication with team members
 - D) By ignoring project documentation
11. What is the main purpose of a post-implementation review?
 - A) To celebrate the successful completion of the project
 - B) To document lessons learned and identify areas for improvement
 - C) To allocate resources for future projects
 - D) To assign blame for project failures
12. Who is responsible for conducting a post-implementation review?
 - A) Only the project manager
 - B) Only the project team
 - C) Both the project manager and project team
 - D) External auditors
13. Which of the following is NOT a key component of a post-implementation review?
 - A) Identifying successes and failures
 - B) Documenting lessons learned
 - C) Assigning blame to individuals
 - D) Analyzing project performance

14. What is the primary goal of project closure?
- A) To prolong the project indefinitely
 - B) To celebrate the successful completion of the project
 - C) To ensure all project documentation is destroyed
 - D) To formally close out the project and hand over deliverables
15. What is the significance of documenting lessons learned?
- A) To ignore mistakes made during the project
 - B) To repeat the same mistakes in future projects
 - C) To identify areas for improvement and best practices
 - D) To discourage team collaboration
16. What is the primary purpose of a project charter?
- A) To document project success criteria
 - B) To establish the project team hierarchy
 - C) To define the project objectives and scope
 - D) To allocate project resources
17. Who are stakeholders in a software project?
- A) Only developers and testers
 - B) Only project managers
 - C) Individuals or groups affected by the project
 - D) Only external vendors
18. What is the purpose of requirements gathering and analysis?
- A) To assign tasks to project team members
 - B) To document lessons learned from previous projects
 - C) To identify, document, and prioritize project requirements
 - D) To allocate financial resources for the project
19. What is the main advantage of using a Work Breakdown Structure (WBS)?
- A) It helps estimate project duration accurately
 - B) It assigns tasks to team members randomly
 - C) It breaks down complex tasks into smaller, manageable components
 - D) It eliminates the need for project scheduling
20. What is the purpose of resource allocation in project management?
- A) To ignore the skills and availability of project team members
 - B) To ensure project tasks are assigned to the most suitable resources
 - C) To avoid using project resources altogether
 - D) To increase project costs unnecessarily
21. Which Agile principle emphasizes the importance of customer collaboration?
- A) Responding to change over following a plan
 - B) Working software over comprehensive documentation
 - C) Individuals and interactions over processes and tools
 - D) Customer satisfaction through early and continuous delivery

22. In the Scrum framework, who is responsible for removing obstacles that hinder the team's progress?
- A) Product owner
 - B) Scrum master
 - C) Development team
 - D) Stakeholders
23. What is the primary focus of the Kanban methodology?
- A) Delivering working software frequently
 - B) Adhering strictly to project plans
 - C) Minimizing stakeholder involvement
 - D) Visualizing work, limiting work in progress, and maximizing flow
24. What is the purpose of backlog refinement in Agile?
- A) To ignore user feedback
 - B) To prioritize and estimate backlog items
 - C) To delay project progress
 - D) To increase the project scope indefinitely
25. What is a common risk mitigation strategy in project management?
- A) Ignoring risks and hoping they don't occur
 - B) Accepting all risks without any action
 - C) Transferring risks to another party
 - D) Adding more risks to the project

Test on S.T.C. Software Project Management

Day and Date: Tuesday, 21-03-2023

Time: 12:30p.m.

Marks: 50

Instructions:

- 1) Every Question carries 2 marks.
- 2) Tick ✓ on Correct Option.
- 3) All Questions are compulsory.

1. What is a common technique for team building in project management?

- A) Encouraging competition among team members
- B) Ignoring individual contributions
- ✓ C) Organizing team-building activities
- D) Minimizing interaction between team members

2. How can conflicts within a project team be effectively resolved?

- A) Ignoring conflicts and hoping they resolve themselves
- ✓ B) Mediating discussions and finding mutually acceptable solutions
- C) Blaming individuals for conflicts
- D) Avoiding communication with conflicting parties

3. What is a consideration for managing remote teams?

- A) Decreased need for communication
- ✓ B) Lack of trust among team members
- C) Higher productivity compared to on-site teams
- D) Limited access to collaboration tools

4. What are criteria for project closure typically based on?

- ✓ A) Timeliness and budget adherence
- B) Length of the project charter
- C) Number of stakeholders involved
- D) Frequency of team meetings

5. What is the purpose of a post-implementation review?

- A) To assign blame for project failures
- ✓ B) To document lessons learned and identify areas for improvement
- C) To celebrate the completion of the project
- D) To allocate resources for future projects

6. How should successes be acknowledged at the end of a project?

- A) By ignoring individual contributions
- B) By celebrating team achievements
- C) By blaming team members for any shortcomings
- D) By withholding recognition from team members

7. What is the purpose of lessons learned documentation?

- A) To assign blame for project failures
- B) To document successes only
- C) To identify areas for improvement in future projects
- D) To discourage team collaboration

8. Who is responsible for knowledge transfer at the end of a project?

- A) Only the project manager
- B) Only the team members
- C) Both the project manager and team members
- D) External consultants

9. What is the significance of celebrating successes at the end of a project?

- A) It boosts team morale and motivation
- B) It increases project risks
- C) It hampers future project planning
- D) It delays project closure

10. How can a project manager ensure effective knowledge transfer?

- A) By keeping project information confidential
- B) By documenting lessons learned and best practices
- C) By avoiding communication with team members
- D) By ignoring project documentation

11. What is the main purpose of a post-implementation review?

- A) To celebrate the successful completion of the project
- B) To document lessons learned and identify areas for improvement
- C) To allocate resources for future projects
- D) To assign blame for project failures

12. Who is responsible for conducting a post-implementation review?

- A) Only the project manager
- B) Only the project team
- C) Both the project manager and project team
- D) External auditors

13. Which of the following is NOT a key component of a post-implementation review?

- A) Identifying successes and failures
- B) Documenting lessons learned
- C) Assigning blame to individuals
- D) Analyzing project performance

✓ 14. What is the primary goal of project closure?

- A) To prolong the project indefinitely
- B) To celebrate the successful completion of the project
- C) To ensure all project documentation is destroyed
- ✓ D) To formally close out the project and hand over deliverables

✓ 15. What is the significance of documenting lessons learned?

- A) To ignore mistakes made during the project
- B) To repeat the same mistakes in future projects
- ✓ C) To identify areas for improvement and best practices
